Upon closer examination of shooter of Innocent Woman... I am beginning to think that man is a Congressman or Senator... PROVE OTHERWISE!!!! A man in a plain suit... who is trigger happy! Not trained law enforcement.

Reveal the name of the shooter NOW.... he should hang!!!!

Security for a congressman or senator. All of Congress was gone at that point. Some rumor that they were connected to Schumer, but we'll never know.

1 Some predictions over the next 8 years: The Harris administration will pass some gun control laws that are so absurd huge amounts of counties and states will have an official policy of not enforcing them. For example Biden said he wants all magazines over 10 rounds to be registered with a \$200 tax stamp the same as a machine gun. The federal government will get mad that the laws aren't being enforced and will send the ATF in to Waco someone to set an example. Things escalate from here on both sides.

11 Most or all police on the side where the people were, retreated - away from the door and into the stairwell just before the shooting. The long video someone posted yesterday gives context and shows that.

6 [u/dorathedeplora](#) is not talking about the people in tactical gear coming up the stairs at the time of the shooting.

There were security personnel at the doors where she was shot who proceeded to go downstairs a few moments before she got shot and then came back up after the shooting.

 [ThoughtCrimeConvict](#)  3 hours ago +8 / -0

8 Most importantly, not a single hair on the heads of any one of those security personnel was harmed and the shooter should have had a bird's eye view of that fact. To use lethal force in this instance was COLD BLOODED MURDER!

It's perfect for the uniparty elite, because the truth is an armed enforcer of their agenda shot someone for having the gall to protest injustice. They really don't want the people united behind greater police accountability, and they have to stir up leftist disdain for this act because it *could* be a powerful tactic for peaceful resistance.

I hope we don't fall for the liars, trolls and soothe sayers here and within the MAGA movement that want is to believe it was Antifa (it wasn't) or Some other act of sabotage.

I have dozens of saved comments about choppers and Minecraft and firing squads. Until 24 hours ago TDW had dozens of armed members in DC, ready for violence at the President's order (and some who knew it wasn't coming so they were preparing violence anyway). **We** went there prepared to do a job, the mission changed halfway through and our breach of the Capitol was a stunning success, I think that success may have contributed to Trump's reluctance to fully unleash our fury. He is, at heart, a peaceful man, unwilling or unable to accept that the swamp will not be drained peacefully, it appears.

The truth is on our side, police shot a peaceful protestor. The elite desperately want us on some other grievance because God forbid we have the same beef with them as BLM. Politics makes strange bed fellows. I still don't condone BLM/Antifa ideology, but I share their goal of police reform. I don't want another Ruby Ridge and I don't want another Tamir Rice.

28 If police was only so brazen when Antifa besieged their precincts, took them over, trashed the place and set it ablaze. Sick of this.

The video looks more like an execution than someone defending themselves. She climbed on something and he put a bullet in her right away.

We have now learned they will shoot to kill when it comes to Trump supporters whilst Antifa/BLM can get away with looting, rioting and literal murder without any consequences.
